DIRECTOR MESSAGE

"They say you are born to teach, and it must have been like that for me because I know education is the field where I belong. It is not just love of children, but it is hope for the future."

"I just like to help, simply to make their dreams come true."

Work leads to greater success than non work. Hard work leads to greatness. A vision with action can change our lives.

Sacrifice is the price of gain. Dignity is to the spirit as food is to the body.

- ★ Study depends on the good will of the student. Manage your time and you will be managing your life.
- ★ Enthusiasm is the invisible source of energy that children find so attractive and contagious?
- ★ Outside the classroom the student must live in the world; inside the classroom the student can own the world. A classroom community needs a motivator.
- ★ Children have a positive response to the classroom environment if they are emotivated, then they will get much more mileage from the class.
- ★ No matter how often you use the same brushes and paints, each canvas will be different. No two students are exactly alike, Develop expertise and generate excitement from the new.
- ★ Work is the ethic of equality, talent, intelligence, facility and opportunity are all great assets. Each without hardwork is wasted. Hardwork also will out shine any other assests. Mind has wings.
- ★ Strength is the fruit on the tree of challenge, Lack of motivataon to sometimes born of lack of achievement. Motives are more important than gift.
- ★ All human progress begins with the teachers and from school platform.
- ★ Education should be as gradual as the moonrise, perceptible not in progress but in result, Walls are not mountains and mountains are not graves.
- ★ "My greatest satisfaction comes when my students find the success they never thought they could have."
- ★ Touch a child's heart you will be remembered. Touch a child's mind and you will be venerated.

- ★ The true teacher defends his pupils against his own personal influence. He inspires self distrust. He guide their eyes from himself to the spirit that quickens him.
 - ★ He will have no disciple." Compassion and discipline are a compatible paradox.
 - ★ A caring teacher hands children their passport to the future.
 - ★ Character, ethics and sense of values are the mutual funds of personal wealth.
 - ★ Teachers are the wagon masters for the pioneers of the future. The teacher becomes the subject. When student study history math, language, science or any other subjects, they are really studying the teacher.
 - ★ Look to the head of the class ; it is you ! Teachers have very fertile soil upon which to cast their seeds.
 - ★ Personality is the clothing ; character is the soul. Continuity and change are the comfort and fear of every child. Give children something of value and help them fight to keep it.
 - ★ Changing your attitude is always more successful than changing your circumstances. – Constant encouragement breeds ambition; constant criticism breeds despair.
 - ★ "A teacher affects eternity ; he can never tell where his influence stops." The cheapest and most valuable gift is kindness.
 - ★ Elicit commitment and respect, and you will own obedience.
 - ★ Strike a match in a dark room and you will understand teaching. Light a lamp with that match and you will understand knowledge. A teacher is the beacon light. Which rejuvenates knowledge in the minds of the students.
 - ★ A mother gives birth to the child. But a teacher gives birth to the mind.
 - ★ The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The best teacher inspires."
 - ★ Knowledge without understanding is just knowledge. Knowledge with understanding is life.
- I wish to congratulate each one of our students, parents, and teachers because we shall be the pioneering team for this school. School prospectus is a great platform to meet. Parents are our great strength in achieving this target. We seek the assurance to all of you that we shall groom the child to face the world.

Thank you,
Director

It is our prayer to Almighty God that our students go out into the world with the strength, not only to survive, but to remain prestigious human beings. Our only motto is to impart the best & functional education to the child.
